Profile

As a student at Gitam, I am passionate about building a career in the tech industry. I possess strong work ethic skills and aim to leverage my training and experience in database management and web application development. Committed to continuous professional growth, I am eager to collaborate with others to achieve shared goals and make meaningful contributions.

Pinegroove Junior COllege   2019 – 2021 | Hyderabad, India
Percentage-87.2%

Greenwood High School   2018 – 2019 | Warangal, India
Percentage-80.4%

Certificates

- Machine learning using Python ⤢   - Web Development ⤢
- Data Structures ⤢

Skills

Technical Skills
- HTML
- DBMS
- Java
- Python

Project

AI-Powered Document Summarization System
Developed an AI-driven system for automatic document summarization using **T5** and **RAG** models. The system generates concise summaries of lengthy documents and answers user queries based on the document content. Integrated **LangChain** for workflow management and utilized **Gradio** to create an intuitive user interface for document uploads and real-time interaction.

Organizations

National Service Scheme(NSS) ⤢   visakhapatnam, India
- Led interactive sessions in a local government school, teaching students valuable life skills and simplifying complex topics using visual aids.
